Rilkean heart, I looked for you to give me transcendent
experiences

To transport me out of self and aloneness and
alienation

Into a sense of oneness and connection ecstatic and
magical

I became a junkie for it

I came looking for the next high

And I'm sorry I've been putting the search on the wrong
place

I understand that you're confused, feeling
overwhelmed

Well that's a feeling state from then, the reality

With cleaning up my emotional life and getting in touch
with myself

I'm beginning to ground myself in my own sense of
being as an entity

One entity on the planet,

Becoming truly self reliant

And become connected with something beyond me

That is where I have to go

I'm so sorry I've been putting the search on the wrong
place

You're lost and don't know what to do

But that's not all of you

That's your reality today

And that is all okay

I understand that you're confused, feeling
overwhelmed

Well that's a feeling state from then, the reality

Rilkean heart

You're lost and don't know what to do

But it's not all of you

That's your reality today

And now it's all okay

I understand that you're confused, feeling
overwhelmed
Well that's a feeling state from then, the reality

Rilkean heart
I looked for you to give me transcendent experiences
To transport me out of self and aloneness sent
alienation
Into a sense of oneness and connection, ecstatic and
magical
I became a junkie for it
I come looking for the next high and I'm sorry I've been
putting the search
On the wrong place
I understand that you're confused, feeling
overwhelmed
Well love's a feeling straight from then, the reality

Growing up, my emotion of loving and
Getting in touch with myself and I'm getting (different
from twinlights)
To be proud of myself and my own sense of healing
As connected to an entity of the planet

Look I'm truly self-reliant
I've become connected with something beyond me
And that is where I have to go
I'm so sorry I've been putting the search on the wrong
place
I'm lost I don't know what to do
It's not all on you
That's the reality today
Right now it's gone
I understand that you're confused
Feeling overwhelmed
Well that's a feeling straight from then
The reality
Rilkean
Heart x7
I'm lost I don't know what to do
It's not all on you
That's the reality today
Right now it's ?
I understand that you're confused
Feeling overwhelmed
Love's a feeling straight from then
The reality
