Tell me what your spirit says  
Show me what you pray  
Teach me every single part  
I'll be your guide  
You are a prisoner  
Looking for to be..  
You can change your face  
But can't change your mind  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do

Tell me what your spirit says  
Show me what you pray  
Teach me every single part  
I'll be your guide  
You are a prisoner  
Looking for to be..  
You can change your face  
But can't change your mind  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
Show me what you pray  
Teach me every single part  
I'll be your guide  
You are a prisoner  
Looking for to be..  
You can change your face  
But can't change your part  
No matter what do you do  
No matter what do you do  
No matter what do you do

No matter what do you do

Tell me what your spirit says  
Show me what you pray  
Teach me every single part  
I'll be your guide  
You are a prisoner  
Looking for to be..  
You can change your face  
But can't change your mind  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do

Tell me what your spirit says  
Show me what you pray  
Teach me every single part  
I'll be your guide  
You are a prisoner  
Looking for to be..  
You can change your face  
But can't change your mind  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do  
No matter what do you do
