I imagine waking up and finding there's nothing there,  
All the leaves, they have gone, and the trees are bare,  
The sky is nothing more than an empty space,  
No more sun and the moon no longer has a face,  
And even though I know you're right here with me...

I'm missing you already,  
Even though you haven't even gone away,  
I'm missing you already,  
Cos I'm so in love with you, baby...

I'm thinking that you're thinking,  
Maybe I'm not the one,  
That you've found someone else,  
And you're on the run,  
I don't know what I'd do,  
Cause everything is for you,  
If my heart doesn't beat,  
Then it has no use,

But even though I know you're still here for me...

I'm missing you already,  
Even though you haven't even gone away,  
I'm missing you already,  
Cos I'm so in love with you, baby...

Though I know there's no need to worry,  
And though I'm sure we're safe as two people can be,  
I only need to think of you not being there,  
And i...

I'm missing you already,  
Even though you haven't even gone away,  
I'm missing you already,  
Cos I'm so in love with you, baby...
