I'm in love with a girl, and she's you,
And I now this time that it's true,
So unique, so complete,
Unlike any love there's been,
And the loneliness I felt has gone,
Cause I know you care,
And I swear I won't let you down,
As long as you want me around,

Wherever you go, whatever you do,
No matter how far, take my heart with you,
Whenever you need, however you choose,
If ever you leave, take my heart with you,
>from the moment you wake,
Wherever, whatever,
No matter how, just take my heart with you...

Sometimes love, though it hurts, I must say,
I wouldn't have it another way,
Though I've lost, this time I've won,
Cause look what our love has become,
They look to the past, think it won't last,
But that's the mistake that we haven't made...

Wherever you go, whatever you do,
No matter how far, take my heart with you,
Whenever you need, however you choose,
If ever you leave, take my heart with you,
From the moment you wake,
Wherever, whatever,
No matter how, just take my heart with you...

Take my heart with you,
So that I can be with you,
You know my heart
Can't be apart from yours...

Wherever you go, whatever you do,
No matter how far, take my heart with you,
Whenever you need, however you choose,
If ever you leave, take my heart with you,
From the moment you wake,

Wherever, whatever,
No matter how, just take my heart with you...
