You can live alone with me  
In a house like a motion picture scene  
Motor oil stains gathered  
In the driveway  
Bits and pieces of our cars  
Littering the yard  
And cat in the neighbor's trash  
I'm selling back  
My black-market-dictionary  
Full of pictures and symbols  
...there were no words  
When I drive up  
You'll be in your swing  
We'll laugh about things  
That we know nothing about  
But we laugh anyway  
And you'll stay  
Just the way that you are  
When I drive up you'll be in our swing  
I'm selling back  
My black-market-dictionary  
Full of pictures and symbols  
...there were no words
