Lee:

There've been so many times
I misread all the signs
I gave my all and left my heart on the line
But now you're here
And what's really goin' on
Is not quite clear
You're all I need to get by, oh yeah
I've waited all my life to find someone like you
And now I'm guessing that you feel it too

Chorus:

This could be magical
This could be for real
Or am I just another kiss and tell?
Tell me the truth girl, what do you feel?
Cos what I'm feelin' ain't no nothin' at all
This could be magical

Roger:

Beautiful
You're the one I want in my life
I know it's you I adore
But how you feel I'm not sure
Oh girl will you do me right?
Now can I make you see that
You and I were meant to be
You are my destiny

Repeat chorus

Neil:

I've only one confession
I'll love you more than life
And we could be so special all through our lives

Repeat chorus
