(Lew/Graham/Hector)

Thinking of you and the things you do
When I wake up you're there
With your body around me
It's true that i'm needin' you
You would do anything anything
Any thing to please me

Chorus
Me and Toni, Toni and me
We are one and the same
Me and Toni, Toni and me
We'll always be
Toni, my only, my love……

You're on my mind all the time
Even when I'm sleepin' into my dreams you're creepin'
And I cannot deny
That I'd rather go blind than to see you walk away from
me
Oh…

Chorus

And when I'm lying with you alone in a room
In the darkness
Our love's so strong that it hurts
And I realise you're my Toni
Oh Oh…

Chorus
