(Missen/Lew/Graham)

I can see it in your eyes
Even though you try to hide
You ain't getting all you need

Girl you need security
You don't hear a word I'm saying
Cause you feel you understand him
Tell me if I'm out of line
But I think I got things right

Chorus:

You need a man like me (anything that you need)
You need a man like me (I will never let you down)
You need a man like me (anything that you want)
You need a man like me (I will never mess around)

You don't need to suffer in silence
You don't have to grieve in vain
But still you carry on
Even though you're feeling pain

I know he needs your love
I know he needs you to care
But love is a two way thing
And girl you don't need him

Chorus
