You tell yourself it's alright  
Out of mind and out of sight  
But you rest a little less at night  
and think a little more  
'Cause the truth is like a shadow  
Follows you where ever you go  
It sleeps on your pillow  
And waits behind the door

### CHORUS

It's hard to be honest  
It seems like it's beyond us  
Gonna take a lot of blind faith  
To look it in the eye  
Gonna have ta hurt some  
Gonna have ta work some  
It's hard to be honest  
It's easier to lie...

A lie is like a slow train  
Driving through a hard rain  
Heading down a steep grade  
Pickin' up speed  
Next thing you know you're standing  
In the middle of a wreckage  
Staring at the damage  
You never thought you'd see

It's hard to be honest  
It seems like it's beyond us  
Gonna take a lot of blind faith  
To look it in the eye  
Gonna have ta hurt some  
Gonna have ta work some  
It's hard to be honest  
It's easier to lie...

Gonna have ta hurt some  
Gonna have ta work some  
It's hard to be honest  
It's easier to lie...

Baby don't lie...
