(feat. Tinchy Stryder)

I can't believe I got a second chance at love
I can't believe we got a second chance at us
I can't believe I got a second chance at love
Because you're making me the only one

Right from the start, I knew for sure
You'd be the one, that my heart runs to... yeah
No matter what, can't let you go (nope)
Never gonna let go, I ain't gonna let go (no)

I could've been anywhere right now
But nowhere feels better than home (yeah yeah yeah)
If you don't know you should know right now
That you're the only one that I want (oh oh oh)

I can't believe I got a second chance at love
I can't believe we got a second chance at us
I can't believe I got a second chance at love
Because you're making me the only one

Oh oh oh yeah yeah
Oh oh oh yeah yeah
Oh oh oh yeah yeah yeah

This one is cold, don't need no coat
You warm me up when you shine my way (hey hey hey
hey)
No need to sleep, girl you're my dream
Don't wake me up from your love
(Don't wake me up from your love)

I could've been anywhere right now
But nowhere feels better than home (yeah yeah yeah)
If you don't know you should know right now
That you're the only one that I want (oh oh oh)

I can't believe I got a second chance at love
I can't believe we got a second chance at us
I can't believe I got a second chance at love

Because you're making me the only one

Oh oh oh yeah yeah
Oh oh oh yeah yeah
Oh oh oh yeah yeah yeah

[Tinchy Stryder:]

They said the doors were closing in
Grab the towels, throw them in
Let's try a second time, if it's wrong we fit the crime
Now the doors are opening, take my hand let's try
again
Yeah, we're born to fight, welcome some soldiers in

I can't believe I got a second chance at love
I can't believe we got a second chance at us
I can't believe I got a second chance at love
Because you're making me the only one

Oh oh oh yeah yeah
Oh oh oh yeah yeah
Oh oh oh yeah yeah yeah
