Oh yeah Oh yeah Oh yeah
Out on the towns (town)
Me and all of my friends
Sign up g-town I couldn't be any cooler
Test the nation away (away)
Feel lika a billionaire
We want you have to come and ruin my parade
She looks so happy not too long ago
Ease to be me that little shine like gold
Now obey the crowd that you'll never know
How much you're missing her every day
When I see you I cry with that other guy
I hide my tears and let my guitar cry
I just wanna shout gotta let it all out
She played my heart strings like a guitar cry
This is for everyone whose heart is breaking
Turn it up so loud you can't take it
Everyone whose heart is breaking
Here's my last song for your goodbye guitar cry
So cute I had to flirt her Mtt shirt
Mum walked into my life couldn't be any smoother
We were the perfect pair like I'ma need your hair
So don't forget him back together again
Cause she looks so happy not too long ago
Ease to be me that little shine like gold
Now obey the crowd that you'll never know
How much you're missing her every day
When I see you I cry with that other guy
I hide my tears and let my guitar cry
I just wanna shout gotta let it all out
She played my heart strings like a guitar cry
This is for everyone whose heart is breaking
Turn it up so loud you can't take it
Everyone whose heart is breaking
Here's my last song for your goodbye guitar cry
All of those countless of letters and love songs
We're down to the last one
No way I won't let you see all the pain in my eyes
When I see you I cry with that other guy
I hide my tears and let my guitar cry
I just wanna shout gotta let it all out
She played my heart strings like a guitar cry

This is for everyone whose heart is breaking
Turn it up so loud you can't take it
Everyone whose heart is breaking
Here's my last song for your goodbye guitar cry
