Your heart is a home  
I'm never alone with you  
When we're together your love is a song  
And I sing along with you  
There's no one else.

Shining round my stars here  
Don't you ever disappear  
Baby you're the reason  
There's a reason to love

You're the air that keeps me breathing  
Stay forever in this street cause  
Baby you're the reason  
There's a reason to love.

There's nobody like you  
And that's why I love you  
You're the only one I like  
And that's why I love you  
The reason to love you.

Look me in the eyes  
I never say good bye  
Take my hand I need you close to me  
I swear I'll never leave baby  
Without you I'm incomplete

I... stars in the night  
But you're the sun in my sky  
Girl swear you're an angel  
That feel down from heaven  
And so glad that I'm  
So glad that I'm the reason  
The reason you love
