I'm wandering alone in an open space  
Looking around for a human trace  
Along the edge of this satellite  
Losing the route in this empty sky  
A prey of the ghosts of this galaxy  
Losing myself in this ecstasy  
No clock is turning to sign the time  
Everything's flowing through day and night  
No noise is breaking my silent star  
I'm on the run I can go so far  
Flying in absence of gravity  
Feeling the vibe of eternity

This is the lesson I had to learn  
This is the treasure I had to earn  
I am the owner of nowhere land  
Queen of a castle that's made of sand  
Staring in front of the universe  
Maybe someday I'll be someone else  
I'm sure I'll do it, but till' that day  
Here on my star I am just a castaway

I'm wandering alone in an open space  
Looking around for a human trace  
Along the edge of this satellite  
Losing the route in this empty sky  
A prey of the ghosts of the galaxy  
Losing myself in this ecstasy  
No clock is turning to sign the time  
Everything's flowing through day and night  
No noise is breaking my silent star  
I'm on the run I can go so far  
Flying in absence of gravity  
Feeling the vibe of eternity

This is the lesson I had to learn  
This is the treasure I had to earn  
I am the owner of nowhere land  
Queen of a castle that's made of sand
