(Feat Sandy)

All my love is up to you
Come on racing to go trough
Baby you know you make me groove
That's why I wanna get better
Get better

I don't mind if you say no
Telling righteous spirit goes
If you just try to want I learn
That's why I wanna get better
Get better

Aaaah
Aaaah
Get better
Everything is gonna get better

All my love is up to you
Come on racing to go trough
Baby you know you make me groove
That's why I wanna get better
Get better

Aaaah
Aaaah
Get better
Everything is gonna get better
