Hey, boy

Are you gonna hit my heart?
Are you gonna leave me once again?
Baby, don't you hit my heart

Are you gonna break my heart?
Are you gonna make me cry again?
Baby, don't you break my heart

Hey, boy, it's not a game
You are the one to blame
My love is not your toy

You better be careful, boy

You told a million lies to me
One day you say goodbye, baby
I gave you one more chance
So please tell me, baby

Are you gonna hit my heart?
Are you gonna leave me once again?
Baby, don't you hit my heart

Are you gonna break my heart?
Are you gonna make me cry again?
Baby, don't you break my heart
