play the music (x14)

you've got the love i like
i've got to have you now
you're my emotions
don't leave me hanging around
baby please
why don't you understand
i only want to be your friend
you are my sweet release
i've got to have you now
you're my affection
don't leave me breaking down
everybody in the world
should hear what i'm saying
cause i wanna scream and tell the world today

turn me up, up, up....

play the music (x15)

you are alive for me
i've got to have you now
you've got the power
don't leave me on the ground
touch me babe
you really turn me on
no, no, no don't leave me on my own
you are my one desire
i've got to have you now
i need direction
i'm gonna say it loud
everybody in the world should hear what i'm saying
cause i'm wanna scream and tell the world today

turn me up, up, up....

turn me down. turn me down

turn me up, up, up....

turn me up, up, up....

turn me down. turn me down

turn me up, up, up....

turn me down. turn me down.

turn me up, up, up....
turn me down
