every night i look up in the sky
you know i'm only for you
and for all the world that you told me baby to come true
don't make me wait no more
i need you, don't make me stay all alone
talk to me, talk to me baby..
you know i'm wating for you?
so come to me, talk to me
i don't wana wait for you anymore
come to me baby right now
come to me, jut come to me..!!

looking for a star up in the sky
waitin' for some lover to arive
I was searchin' for your face inside the darkness
every night i see you comin' back to me...

I was waitin' for you (for you..)
waitin' for you (for you..)
I am waitin' for you (for you..)
waitin' for you (for you..)
I am waitin' for you..

hoping for a signal from above
searching for the meaning of our love
as i want to burn the light among the shadow
in my dreams i see you comin' back to me...

I was waitin' for you, (for you..)
waitin' for you (for you..)
I am waitin' for you (for you..)
waitin' for you (for you..)

waitin' for you, waitin' for you, waitin' for you

waitin' for you..

I was waitin' for you (for you..)
I am waitin' for you (for you..)

I am waitin' for you
