First verse:

The light was late again,  
learning how to swim in life, trying to keep you head  
above water.  
Its hard to start again.  
You got to keep the faith and find your way, to a  
brighter day.

Chourse:

She wants to run.  
Like a window on the ocean wants to fly.  
Like a feather so high in the sky, wants to know.  
Where could I go and what to do is there a heaven? Oh  
yes theres a heaven. Oh yes theres a heaven.  
1,2,3 listen to me. 4,5,6 time to be free.(x2)

Secound verse:

She said im tired of being alone.  
Will someone wipe my tears, ease my fears.  
Through these circumstances.  
The night seems so cold.

I need understading.

Chourse.

Rap: My daddy been gone. Mama left when she was  
seven. Suck a brothers tip didn't know was there a  
heaven.  
Wish I could grow wings and fly away from this place.  
Thats what she told me while wipeing tears from my  
face.  
Every time you cry the lord feels your pain.  
So put a fist in the air if your ready for change.  
Race is not given to the sufferd to the strong.  
Im telling you to indure im telling you to hold on.

Chourse.

Some body tell me. Some body tell me.
