Two hearts beat as one
Disguise your mind and feel the hum
This drone, the buzz of our love

In time we move
This churning factor, feel the groove
Release the touch that moves you

Oh, this is her
No regrets
I embrace your defects to confess you were my every
wish
I admit that I will never feel alone
Once I call you Home

Push towards the dance floor
And together we'll show them who's boss
We'll set a fire once more

Oh, this is her
No regrets
I embrace your defects to confess you were my every
wish
I admit that I will never feel alone
Once I call you Home

Maybe it's not now or later
'Til you save the best for last
I want to be everything you need

Oh, this is her
No regrets
I embrace your defects to confess you were my every
wish
I admit that I will never feel
No, I will never feel alone

Our sum in monotone
While the record spins around
Please turn me over, slide me into sleeve
Oh girl, please bring me home
