Listen to the world out on the outside pressing in  
Are you ready on my mark?  
Fingers given names and with the last word they  
ascend  
On the comfort of their well, being in arms

Into something they can't stop  
But wish that they could kill  
You're the answer  
To their prayer

In your last hour stand  
You'll notice the one that you had loved in dreams  
Is here among the others  
Chase it's you I want but if I can't have her

Then why should I spend any more time in a world  
That's going to end pretty soon?  
I need you now more than I ever did  
I'll hand myself over for you

This comlink's lost its frequency  
And I feel that we're coming home short, oh  
Here take me instead  
I'd rather not see her off alone

Scattered amongst the killing streets the children slate  
defense  
Is God's work to have us fail?  
Rivered blood streams out the dead as bodies foul the  
air  
I'll make peace when this is done, in arms we storm

Slowly the streets begin to fill  
With new flesh bound to bone  
Armed and ready  
It begins again.

In your last hour stand  
You'll notice the one that you had loved in dreams  
Is here among the others  
Chase it's you I want but if I can't have her

Then why should I spend any more time in a world  
That's going to end pretty soon?  
I need you now more than I ever did  
I'll hand myself over for you

This comlink's lost its frequency  
And I feel that we're coming home short, oh  
Here take me instead  
I'd rather not see her off alone  
Tonight we storm

Deliver a favor to my love  
Deliver a favor to my love  
Deliver a favor to my love  
Deliver a favor to my love

In your last hour stand  
You'll notice the one that you had loved in dreams  
Is here among the others  
Chase it's you I want but if I can't have her

Then why should I spend any more time in the world  
That's going to end pretty soon?  
I need you now more than I ever did  
I'll hand myself over for you

This comlink's lost its frequency  
And I feel that we're coming home short, oh  
Here take me instead  
I'd rather not see her off alone
