I wait for everything evil in you comes out
I'll stay when we'll only motivate sound instead
sergeant
Make for the table in hopes that I won't be afraid again
Call when enabled and send the leader out against, I
will

Stage a reenactment in a false pretense, exist inflict
Unworthy unconsciousness
Why debate when the action's suppressed
Then kill the acquitted

Listen to the sounds that remain in question
In hopes to solidify a truce
Amongst the children and the jury that stands the
verdict
Alive here among the dead

Evolve the monster
Show me the thing I've never wanted done
Evolve the monster
Do me the things I never wanted done

I, I felt much better than this before
If they find out to avoid
Then the accident's kept hidden away
If they stay

Blood hungry cannibalistic unfit family ties
In a series of knocks to the young girl's head side
Come write me a letter and paste it on my refrigerator
door
Inspected inspector, I think we've found something
over here

I, I felt much better than this before
If they find out to avoid
Then the accident's kept hidden away
If they stay

Jesse, just come look at what your brother did?
Here he did away with me

Jesse, just come look at what your brother did?
Here he did away with me

Stay until Wednesday
And write me a child-like letter pretending
At war here in Thursday
Let's make this our last day at home by the fence

Would you run, would you run
Would you run down past the fence?
Would you run, would you run
Would you run down past the fence?

And she screamed Claudio, dear Claudio
I wish goddamn it, we'll make it if you believe
And she screamed Claudio, dear Claudio
I wish goddamn it, we'll make it if you believe
And she screamed Claudio, dear Claudio
I wish goddamn it, we'll make it if you believe
