I welcome this pain  
Beating down on me  
Is it your eyes  
That choose not to see?

All I would do  
If only you knew  
All of my trust  
Was given to you

Oh, please, this is what I can give  
What else do you need from me?  
I might be sick, broken, torn to pieces

So whatever this is  
This thing that now I've become  
You hate it so much  
You keep on running from it

Ay, no matter the distance  
Oh, no matter how  
No matter how far

I buried this hurt  
Concealed in this heart  
Go lock all your doors  
These cold steps will warm

Please, this is what I can give  
What else do you need from me?  
I might be sick, broken, torn to pieces

So whatever this is  
This thing that now I've become  
You hate it so much  
You keep on running from it

Ay, no matter the distance  
Oh, no matter how  
No matter how far  
No matter how far, far

Please, this is what I can give  
What else do you need from me?  
I might be sick, broken, torn to pieces

So whatever this is  
This thing that now I've become  
You hate it so much  
You keep on running from it

Ay, no matter the distance  
Oh, no matter how  
No matter how far, no

No matter how far, no, ay  
No matter how far, no, ay  
No matter how far, no, ay  
No matter how  
No matter how far
