

Coheed & Cambria "Gravity's Union"

Visit "[Gravity's Union](#)" on MotoLyrics.com

I flew head first into the light
Weightless, crisscrossing, precise
In a dream or was it life
Inside this door all answers wait
So saddle up my steed
Where the lies live way beneath

Oh my, I think I made a mess
This is all my fault, it's what I've wished

And I was wrong to let you go
I accept my mistake but you will never know
This is my love into a ten ton truck
Baby please, remember the better me

No time to change my life in the air before
Our maximum reach outweighed
Apart, pictureless retreat
The terror meets the truth, no longer who
We now know what we must o
Shadow dancing through the roof

Contact the life you used to know
Gravity, the world in tow

And I was wrong to let you go
I accept my mistake but you will never know
This is my love into a ten ton truck
Baby please, remember the better me

Driver may I sleep with you tonight
Numbered uncertainty
City limits, shoe strewn diary
The roar of the engine won't cease

All of my love and heart spilled in this car
Picture me the perfect enemy
Our lives are one, colliding up and beyond
In this fatal possibility

I am your, I am your prize

We wave welcome aboard
We wave welcome aboard
We wave welcome aboard
In my eyes I drown you

Has he forgotten his place
Bait the hook and let it sink
No cause for alarm
Enter the master
I am Dr. Straight

Scalpel keep that lung in place
Nurse, IV needs refilling
Now watch the brain
Responding quite normal
This life I can save

Every man has a point, where he breaks or conjoins
Among pressure that floods to complicate
Matters close to the heart will define who we are
Do we love, Do we hate, We are only the meat
Meat...

We understood the unmistakable
Two romantics on holiday
How they stole our love

Caged!
Locked in perpetual motion
Carving our wounds wide open
But you let the wrong one in
Ha, Ha, Ha, Ha

Caged!
Locked in perpetual motion
Carving our wounds wide open
But you let the wrong one in
Ha, Ha, Ha, Ha

Caged!
Locked in perpetual motion
Carving our wounds wide open
But you let the wrong one in
Ha, Ha, Ha, Ha

Caged!
Locked in perpetual motion
Carving our wounds wide open
But you let the wrong one in
Ha, Ha, Ha, Ha
