Verse 1

Is there something I can do?
Given the mistakes I put you through.
There's no limit to this, give us what we need.
Should you stop? or should you fall?
Remember this and remember them all.
Your wretched desire, and this is all your fault.

Chorus

There going to press you
To leave now, we'll look through
If I don't know better, than let it go.
Cause there's just noone in this world
Like you, my darling dear
Can I go, and bring on this life without you?
Let this be my dieing wish
Please give me more than this
It hurts so, please I paid my price my pennance
Hush
There is no lover trust
Enough to murder alls
I am your ghost

Verse 2

Disturbed and ponder these tainted dreams
No questions unanswered in future dreams
There's a limit to love
No need to feel extinct
You will shatter, you will fall
Rendered helpless, surrenders all
You can push on these walls, but help will never come

Chorus

There going to press you
To leave now, we'll look through
If I don't know better, than let it go.
Cause there's just noone in this world
Like you, my darling dear
Can I go, and bring on this life without you?
Let this be my dieing wish
Please give me more than this
It hurts so, please I paid my price my pennance

Hush
There is no lover trust
Enough to murder alls
I am your ghost

Bridge [spoken]
No matter what you tell yourself ladies and gentlemen,
there is no end of the rainbow
No greater good or purpose
That you will only service
There is one thing we can all look forward to doing
without stopping
Why waste the time wondering who you are, when we
know plenty of things about it
Let's give our egos a rest shall we?

Chorus
there's just noone in this world
Like you, my darling dear
Can I go, and bring on this life without you?
Let this be my dieing wish
Please give me more than this
It hurts so, please I paid my price my pennance

there's just noone in this world
Like you, my darling dear
Can I go, and bring on this life without you?
Let this be my dieing wish
Please give me more than this
It hurts so, please I paid my price my pennance
Hush
There is no lover trust
Enough to murder alls
I am your ghost
