In our days we've mourned insignias  
The passing glance unstamped  
We've rendered ourselves powerless, unfortunate  
The useless mend the fixed

And on every hour it detonates  
My courage goes un-looked  
The ride home through perilous  
The land it goes, I will

You've been a bad boy  
You broke all the rules  
You've been a bad boy  
You'll get yours paid in full

IRO-Bot will never die  
My Robot will never die  
You look down but far from out  
And the paper reads, "You lose"  
IRO-Bot will never kill

A favor captain, a word with you  
My systems gone and lost it's mind  
My right eye has done shed a tear  
My gun I've left behind

Will systems take me home and dissemble me?  
Will I be terminated with you near  
Alongside the others that I hold so close?  
If I'm to be killed, then when? By whom?

You've been a bad boy  
You broke all the rules  
You've been a bad boy  
You'll get yours paid in full

IRO-Bot will never die  
My Robot will never die  
You look down but far from out  
And the paper reads, "You lose"  
IRO-Bot will never die
