The wish you plead and the things you sought,
We all think, we all thought.
The things I've done and the world I've seen,
Don't measure up to you my queen.
Oh, I'd take one for the other, and work my way
through this machine.

God damn this cursed iron fist, when I lose control
Oh no...
God damn this cursed iron fist, when I lose control
Oh no...

The first train's out while the last one draws.
We'll all sing, "We're going home".
As the curtain swings in to cover up
Our secrets kept, our love enough.

God damn this cursed iron fist, when I lose control
Give me the strength I know and please believe me
Oh girl, this is what I've become and I'm going to leave
it up to you.
What are you going to do?

Cause I don't want to lose your hold on me.
Cause I don't want to lose your hold on me.

God damn this cursed iron fist, when I lose control
Oh give me the gun oh no, please believe
Oh girl, this is what I've become, and I'm going to leave
it up to you.
What are you, what are you?

Just remember, pay no attention to this iron, this iron
fist.
Just remember, pay no attention to this iron, this iron
fist.

God damn this cursed iron fist, when I lose control
Oh no...
God damn this cursed, god damn,
God damn this cursed, god damn,
God damn this cursed, god damn,

God damn this cursed iron fist.
