If you had the courage to stop me from turning
Into what would be the worst in everybody's eyes
Hey I'm no angel or the devil of your conscience
To tell you who to be, good bad ugly or otherwise
If you had good common sense, your choices would be
gleaming flawless
I want no part in this self-deprecating worthless
chemistry

We made our beds to lie in them proud, proud of our
great mistakes
This warring knife, the flash of it's blade, turn about-
face
I implore you brother
Don't walk away, don't walk away from me
'Cause this is our war

Oh, you think they've had it all, while you were left with
nothing
Oh oh, you've taken the fall for them to walk all over
You've made your bed so soft and comforting
These dream await the grey good morning

We made our beds to lie in them proud, proud of our
great mistakes
This warring knife, the flash of this blade, turn about-
face
I implore you brother
Don't walk away, don't walk away from me
'Cause this is our war

Oh, we've got you by the throat
Ah ah ah, all you wanna be

Welcome all, to the everlasting all time low
Please put your hands together for the ever failing one-
man show, Domino.
Ladies and broken gentlemen,
The undisputed champ of misery.
And in this corner, we find his challenger,
The pride of Utopia, the greatest thing ever.

If you could recall one moment of your past
That defined you to be, that made you the man
We've come to love, all the above.

This disaster binds us absolute
A thousand lies
You tell yourselves that no one ever loved you right
Ooh, but I would do anything for you
The question fits the question mark
Your signals crossed, your message lost! Haha!

Well this has been an extraordinary change of events
As two great champions at the fight to the finish line
Come to their last and final round
The fight now leads these around the worlds as the one
event of the century
Let's get back to the floor
This is the play
The fight proceeds in the center of the ring as the
Competitors reach to the right with a left hook across
Domino's jaw
Followed by a quick strike to the body
Hook followed by another left...
The crowd's on their feet
The ref calls the fight
He's out, he's out...

This wall won't hold forever,
Your time has come, it's now or never.

We made our beds to lie in them proud, proud of our
great mistakes
This warring knife, the flash of it's blade, turn about-
face
I implore you brother
Don't walk away, don't walk away from me
'Cause this is our war

One by one!
We are together! We fall together!
One by one!
We are together! We fall together!
Brother, don't be afraid!
We are together! We fall together!
Brother!
We are together! We fall together!
