Wait, there's never been a mess like this.
Oh no more hands to hold.
The pain turns tomorrow with the hurt to give up.
Curse us as God has.
Believe me, Hell has no room for your crime.
So beat me, till the blood and the bone finds our end
here.

Bye bye world, only our hope to hold on.
Boy, you're never gonna see,
The things that will come of me.

(Raise your hands high!)
Young brothers and sisters,
There's a world's worth of work and a need for you.

Oh, a change is coming,
Feel these doors, now closing in
Is there no world for tomorrow,
If we wait for today?

So march to the drumming
Show them your coming
You've been their prey

Cut to the carving
Bleed them 'til robbing
Enough! They'll take no more

You've been given all the power, boy.
Now go and make your move.
Curse us these Gods aren't faking

Have mercy on the cowards, boy.
They'll pray to have you lose.
Help us this world's now breaking

So now they've noticed all you've given in sound
Let us in. Let us in
Give me love over life,
The sweet soft of ground.
Let us in. Let us in now.

Bye bye world, only our hope to hold on.
Boy, you're never gonna see,
The things that will come of me.

(Raise your hands high!)
Young brothers and sisters,

There's a world's worth of work and a need for you.

Oh, a change is coming,
Feel these doors, now closing in
Is there no world for tomorrow,
If we wait for today?

So march to the drumming
Show them your coming
You've been their prey

Cut to the carving
Bleed them 'til robbing
Enough! They'll take no more

In the light we'll sing,
As all hurt must bring.
In the falling cusp of all broken things.
In the coming dusk,
You will call on us
And unite we must
I'm the crowing fly!

You all think you've figured me out.
Do as I say!
Your words mean nothing at all,
So now I lay.
I said, "Come, mamma! Come, mamma!
As I need."
I said, "Come, mamma! Come, mamma!!
We'll watch you bleed!"

What did I do to deserve all of this?
What did I do to deserve all of you?

(Raise your hands high!)
Young brothers and sisters,
There's a world's worth of work and a need for you.

Oh, a change is coming,
Feel these doors, now closing in
Is there no world for tomorrow,
If we wait for today?

Bye, bye world...only our hope still hold on...
