You were all that we needed
To believe in our doubt
The hurt we allowed
We had sworn to believe them
And scattered across our memories found

You were all that we needed
To believe in our doubt
The worst I'm afraid
The hurt we allowed
We defined the lines and crossed
Into a great unknown to read all
The words we left out

In all, we all,
are truly afraid
In all, we are,
of the one thing we can't be
In all, we all,
are truly afraid
Wishing one day we could be strong

It's over, it's over
It's all coming apart
While you were sleeping, we were stealing your heart
It's over, it's over
It's all coming apart
Now I never let this go... I sang
It's over, it's over
It's all coming apart
While you were sleeping, we were stealing your heart
It's over, it's over
Coming apart
Now I never let this go... I sang
It's over, it's over
(Coming apart, coming apart)
While you were sleeping, we were stealing your heart
It's over, it's over
(Coming apart, coming apart)
Now I never let this go... I sang
It's over, it's over
Coming apart, I know, I know, you know, you know

It's over, it's over
Coming apart (it's over, it's over)
