Oh, I'm giving up the one I love
I'll kick off the great disaster
It's starlight's gift to hold this hurt

They offered their hearts
And we tore them apart
They offered their blood
And we left them so parched
I don't know if I can give you anything you want

Go on and give me the gun!
Nevermind what I've done
They've left me no choice,
Oh, they left me no choice

Go on and give me the gun!
Let me blow them open
It's out of my reach,
Nevermind what they think about me

I don't wanna say
That with listening we decay
Converging closer and faster
Your starlight touch turn to dust

And she confessed her love
Only I shut her out
As I took all her words
And allowed them to rust
I don't know if I'm the man you truly want to love

Go on and give me the gun!
Nevermind what I've done
They've left me no choice,
Oh, they left me no choice

Go on and give me the gun!
Let me blow them open
It's out of my reach,
Nevermind what they think about me

Little have they learned anything about me

Namely, I've made child's mistakes
Will I prove what they say
When backs are turned
And no one's looking?

Go on and give me the gun!
Nevermind what I've done
They've left me no choice,
Oh, they left me no choice

Go on and give me the gun!
Let me blow them open
It's out of my reach,
Nevermind what they think about me
And the shattered symphony
The shattered symphony

Give me the gun!
