The young stale memories of, play the role to your part.  
Librarian find me the pole, the one that kicks your head  
in.

To my own time, roll your own innocence by.  
Grab on to my sleeve... the one that grabs at your  
ankle!

Debate to understand that we all have a flaw,  
Then fail to represent your life as you know it.  
God grant you one wish: to turn back the time.  
Correct and create, making sense of...

Me and my star, Matthew goodnight!  
You know, by law, when you'll be forgiven!  
Maria my star, Matthew goodnight!  
You know, by lord, you'll be forgiven!

So they pulled your confidence down with those verbal  
discrepancies.  
Now and then you'll gain what they've lost through a  
challenge of unpronounced.  
Pain is only a pulse if you just stop feeling it!  
You might be able to use the very things that make us  
up...

Me and my star, Matthew goodnight!  
You know, by law, when you'll be forgiven!  
Maria my star, Matthew goodnight!  
You know, my lord...

Wait now, here, when will you believe me?  
I'm merely asking you to help me.  
When did I say to murder?  
Wait now, here, please hear me out.

Time consumer...  
Time consuming...  
Consume me...

Down and out now...

Me and my star, Matthew goodnight!

You know, by law, when you'll be forgiven!  
Maria my star, Matthew goodnight!  
You know, by lord, you'll be forgiven!

Na ha ha haa, ahh...  
Na ha ha ha ha... You know...  
Tonight, in the promise you write...

Na ha ha haa, ahh...  
Na ha ha ha ha... You know...  
Goodnight, in the promise you write...
