[Verse 1:]

There are memories  
Beautiful exciting memories,  
of how you brought me out of certain circumstance-es  
right now its crazy, I remember being here before  
I thought I trusted you like intrusting in you now

[Chorus:]

So I get joy  
When I think about, what you've done for me  
I get joy from that  
I get joy from that  
I get joy when I think about  
How you set me free  
I get joy from that  
I get joy from that.

[Verse 2:]

I sit and reminisce on how you changed my life  
All the praise to you  
For al the things you do  
Good to me can't forget all the things that you've done  
But the better things are to come  
I lift hands if you give me half a second I might dance  
I might dance

/]

Give me half a second I might dance  
Lifting up my hands I might dance  
Give me half a second

[Chorus x2]

if you give me half a second I might dance  
I might dance  
Give me half a second I might dance  
Lifting up my hands I might dance  
Give me half a second oh

[Chorus x2]

ahh ahah ah ah ah aah

Anything you want me to Lord I'll do  
Good to me can't forget all the things that you've done  
But the better things are to come  
Anything you want me to do
