"Hold On"

Winding down, take the pain away
I want you here right now
Please don't miss a thing
Cause it's so hard to say goodbye
I know the more and more I try
Every moment in time
Can be relived inside your mind

So you gotta hold on, hold on, my love
You gotta hold on, hold on to love
Whatever it may be, it's so right

So many times we have been happy
I won't clear my memories
All these days are passing by me now
But I'm still remembering, yeah

So you gotta hold on, hold on, my love
You gotta hold on, hold on to love
Cause we're crossing and we're holding on to
everything about this
I'm crossing and I'm holding on to you

So you gotta hold on, hold on, my love
You gotta hold on, hold on to love
So right, so right

Cause it's so hard to say goodbye
I know the more and more I try
