I traveled far along with you
We walked the world and together grew
It will be strange being without you

You gave me strength and helped me grow
But now it's time to be on my own
I hope you know this was difficult
Oh

A part of you is a part of me and will always be

So hold your head high
It's so hard to say, "Goodbye"
I just have to take this chance
I hope you understand

We'll go on our separate ways
It may be hard but I'm not afraid
I think it's good life makes us change
Oh

So don't be sad
The best is yet to come
But until it does

Just hold your head high
It's so hard to say, "Goodbye"
I just have to take this chance
I hope you understand

So hold your head high
It's so hard to say, "Goodbye"
I just have to take this chance
I hope you understand

I won't forget those times
(Won't forget those times)
I won't forget those feelings
(Won't forget those feelings)
So don't forget I'm going to see you again

So hold your head high
It's so hard to say, "Goodbye"
I just have to take this chance
I hope you understand

So hold your head high
It's so hard to say, "Goodbye"
I just have to take this chance
I hope you understand
