I miss those blue eyes, how you kiss me at night  
I miss the way we sleep  
Like there's no sunrise, like the taste of your smile  
I miss the way we breathe

But I never told you what I should have said  
No, I never told you, I just held it in

And now I miss everything about you  
I can't believe it, I still want you  
And after all the things we've been through  
I miss everything about you, without you

I see your blue eyes every time I close mine  
You make it hard to see  
Where I belong to, when I'm not around you  
It's like I'm not with me

But I never told you what I should have said  
No, I never told you, I just held it in

And now I miss everything about you  
(Still, you're gone)  
I can't believe it, I still want you  
(And I'm lovin' you, I never should've walked away)  
After all the things we've been through  
(I know it's never gonna come again)  
I miss everything about you, without you

But I never told you what I should have said  
No, I never told you, I just held it in

And now I miss everything about you  
(Still, you're gone)  
I can't believe it, I still want you  
(And I'm lovin' you, I never should've walked away)

After all the things we've been through  
(I know it's never gonna come again)  
I miss everything about you, without you
