I try so many times but it's not taking me
And it seems so long ago that I used to believe
And I'm so lost inside of my head and crazy
But I can't get out of it, I'm just stumbling

And I'm juggling all the thoughts in my head
I'm juggling and my fears on fire
But I'm listening as it evolved in my head
I'm balancing on one fine wire

Every time my balance was fine
And I was just walking on one fine wire
Every time my balance was fine
And I was just walking on one fine wire
But it's frayed at both the ends and I'm slow unraveling

Life plays such silly games inside of me
And I've felt some distant cries, following
And they're entwined between the night and sun
beams
I wish I were free from this pain in me

And I'm juggling all the thoughts in my head
I'm juggling and my fears on fire but

I'm listening as it evolved in my head
I'm balancing on one fine wire

Every time my balance was fine
And I was just walking on one fine wire
Every time my balance was fine
And I was just walking on one fine wire
And it's frayed at both the ends and I'm slow
unraveling

And I'm, every time my balance was fine
And I was just walking on one fine wire
Every time my balance was fine
And I was just walking on one fine wire

And I'm juggling all the thoughts in my head
(And I'm, every time my balance was fine

And I was just walking on one fine wire)
I'm juggling and my fears on fire but

I'm listening as it evolved in my head
(Every time my balance was fine
And I was just walking on one fine wire)
I'm balancing on one fine wire
