(feat. Jason Reeves)

Run away from money
Quit your job and climb a tree
One with hearts instead of leaves
Build a sandcastle big enough for us to sleep
Paint it golden with the sunrise

Chorus:

Cause we are
Like a wingless bird
Crashing down
To the helpless earth
And if somethin's gonna break it
See it all around you
Feel it in your body
You'll be hiding in the shadows
Where love is still alive
'Til all of it is burning

Through a field we're walkin
Empty as the open sky
We escape from all the troubles
Found a waterfall and
Took a dive to cool our skin
Finally we found this feelin'

Run away from money
Quit your job and climb a tree
One with hearts instead of leaves
