### "Stay With Me"

We simply fit together like a piece of apple pie  
I will be vanilla ice cream  
And I'll sing you lullabies  
I will love you in the moonlight and I'll love you in the  
day  
Always  
I love the time we spend  
Like a watch from an old friend  
I will help you keep your smile  
Promise me you'll stay awhile  
I will come to you in need  
And I'll help you when I can  
When I can  
Stay with me  
Promise me you're never gonna leave  
Stay with me yeah  
Lets try to be the best that we can be  
Take our time  
We always joke together  
Laugh till we're rolling on the floor  
I like the way you dance around when you're running  
for the door  
I will come to visit you  
Even when we're old and grey  
Always  
I love the way you make me feel  
When you're asleep I'll take the wheel  
Make sure to call when you get home  
When you're driving on the road  
I will come to you in need and I'll help you when I can  
Oh when I can  
So  
Stay with me  
Promise me you're never gonna leave  
Stay with me  
Lets try to be the best the we can be  
Take our time  
I'll come to you in need and I'll help you when I can  
I will help you yeah  
I will come to you in need and I'll help you when I can

I will help you when I can  
Oh oh yeah  
So stay with me  
Promise you youre never gonna leave  
Stay with me yeah  
Lets try to be the best that we can be  
And take our time  
Oooh
