They all say it
All the ones who made it
Once you find the one you claim it
But you're gonna have to fight

When I think back
The things that threw us off track
We handled like a heart attack
Cause we didn't see the light

Ooh ooh, and now

We both
Know our
Own limitations
And that's why we're strong
Now that we've
Spent some time apart
We're leading each other
Out of the dark
Cause we both know

From this moment
Forget what we were scared of
Say we're never giving up
Say you'll always try to be my
Helping hand
Try to be the one who understands
When things don't go as you plan
But we're still worth it all

Ooh ooh, and now

We both
Know our
Own limitations
And that's why we're strong
Now that we've
Spent some time apart
We're leading each other
Out of the dark
Cause we both know

What we're scared of
What we're scared of
And what dreams are made of
What dreams are made of
They can take us
Further than what anybody can see

We both
Know our
Own limitations
And that's why we're strong
Now that we've
Spent some time apart
We're leading each other
Out of the dark

We both (we both)
Know our (know our)
Own limitations
And that's why we're strong
Now that we've
Spent some time apart
We're leading each other
Out of the dark

Cause we both know
We both know
