[Intro:]

Ooo, yea, dododododow,

[Chorus:]

Your beauty is so natural, you make my love a whole, if
I wanna see ya girl, it's cause I wanna please ya girl, no
stress time is all we have and I wouldn't wanna make
ya mad, so let's run away

[Verse 1:]

Girl ya love is amazing and it can daze me, all of your
friends they keep calling me crazy, but I don't care,
cause it's you that I want you that I need, even if I gotta
beg and plead, yea, just to show the love I got for you
girl,

[Pre Hook:]

It's erotic hypnotic ya body go it to rocket you know I
got it in a thang for you, Girl I be lickin and kissing from
the bedroom to the kitchen got ya begging to put all my
thangs in you, got ya dripping wet while I kiss all up on
ya neck and ya body is screaming sex I know you want
me to I know you want me too oooo
