Waited all my life for this day to come
I feel like letting go
Life goes on
Wasting no more time
So much to be done
Everything works out
So they say
Over my shoulder
It's tough getting older
Yeah, yeah

Seems like nothing is black and white anymore
Shades of gray and I feel a weight over my shoulder
It's tough getting older
I always thought that I knew where I'd want to go
Now I'm here and I find that I'm still getting colder
It's kinda tough getting older

Here before my eyes
Many roads ahead
Time for me to choose one way now
If I take a chance
What lies down the road
Feeling so confused
Turned around
On and on
On and on
Yeah, yeah'

Seems like nothing is black and white anymore
Shades of gray and I feel a weight over my shoulder
It's tough getting older
I always thought that I knew where I'd want to go
Now I'm here and I find that I'm still getting colder
It's kinda tough getting older

Waited all my life for this day to come
I feel like letting go
Life goes on
Over my shoulder
It's tough getting older
Yeah, yeah'

Seems like nothing is black and white anymore
Shades of gray and I feel a weight over my shoulder
It's tough getting older
I always thought that I knew where I'd want to go
Now I'm here and I find that I'm still getting colder
It's kinda tough getting older

Seems like nothing is black and white anymore
Shades of gray and I feel a weight over my shoulder
It's tough getting older
