Reset, reset, yeah, reset, reset
I wanna press reset, reset
Reset, reset

We, we were so good together
There was nothing better
Than you and me at our best
We let it die, let each other down
Now I'm still here, and you're not around
And I just want you back again
Wanna try again, wanna make it right again
Flexin, I say we let
I wanna press reset

[Chorus]
Wanna press, wanna press reset
Wanna get back to when we met
And erase all the words we've said
Start all over again
Want a chance, I just want a chance to
Get back to, just get back to
All we used to be
I wanna press reset, reset
Yeah reset, reset
I wanna press reset, reset
Reset, reset

What we had, it took so long to find it
Wish we could rewind it
Start at the very start
Love will die, when you neglect it
This time I swear I'll protect it
Let me back into your heart
I wanna try again, take us back in time again
Rebuild the dream that we had
I wanna press reset,

[Chorus]
Wanna press, wanna press reset
Wanna get back to when we met
And erase all the words we've said

Start all over again
Want a chance, I just want a chance to
Get back to, just get back to
All we used to be
I wanna press reset, reset
Yeah reset, reset
I wanna press reset, reset
Reset, reset

I wish, I could do it over, hold you a little closer, yeah
Never let you go
If we could restart it
Wouldn't be broken hearted

[Chorus]
Wanna press, wanna press reset
Wanna get back to when we met
And erase all the words we've said
Start all over again
Want a chance, I just want a chance to
Get back to, just get back to
How we used to be
I wanna press reset, reset
Yeah reset, reset
I wanna press reset, reset
Reset, reset
