Twenty-five all of these mixed emotions
Tangled up in pure confusion
It's hard to let go of the past,
But it seems easier as time is movin'
Well, you said he makes you laugh
And he makes you happy
He sees you smilin' back
It is everlasting

So, he's tailor made for you
With stunning golden hues
And one sweet tone to soothe
Your persistent beating heart
It's just a start
And I see in you everyday
You've never been like this before
He's tailor made, (tailor, tailor made)

So, let go all of the mixed emotions
Forget all your hesitations
Together entwined inside this feeling
Your feet off the ground, headed ceilin'

But, then he whispered in your ear
He's absolutely fallen
The words he said are clear
Don't insist on stallin'

Because he's tailor made for you
With stunning golden hues
And one sweet tone to soothe
Your persistent beating heart
It's just a start
And I see in you everyday
You've never been like this before
Tailor made

Whoa, sister don't be troubled
Whoa, sister please be kind
Cause this isn't what you're used to at all

He's tailor made for you

With stunning golden hues
And one sweet tone to soothe
Your persistent, beating heart
It's just a start
And I see in you everyday
You've never been like this before
It's tailor made, (tailor, tailor made)
