Hey
My name's Colby
I know this is kinda out there
But I been staring at you
From across the room
And can I talk to you for a second
(Konvict) I've been thinking

Baby, you could do better
Better than the average joe
The question is
Do you wanna
If you've heard this
All before
You gotta be tired of
The same things
The same old tunes
The same old games

Girl, I know you
Searching for the right type
Of guy
I can be
Be that guy
But I wanna
Take my time with you
No rushing
(No rushing)
Take my time with you
So I'll start by asking you to

Tell me this
Girl, what's ya name
And I'll tell ya that
Girl, ya look so good
Tell me this
Can I get ya number
'Cuz I really wanna
Talk to you
Wanna get to know you
I just can't stop

Thinking about you
Tell me this
Girl what's ya name
And I'll tell ya that
Girl, ya look so good
Tell me this
Can I get ya number
'Cuz I really wanna
Talk to you
Wanna get to know you
I just can't stop
Thinking about you

Wanna take ya to dinner
Because it's a sat
You've never been
I'll buy a dozen roses
And put a diamond on
Your hand
I'll take you on the road
To all my shows
Girl, it won't be the same
'Cuz I'mma change the game

Girl, I know you
Searching for the right type
Of guy
I can be
Be that guy
But I wanna
Take my time with you
No rushing
(No rushing)
Take my time with you
So I'll start by asking you to

Tell me this
Girl, what's ya name
And I'll tell ya that
Girl, ya look so good
Tell me this
Can I get ya number
'Cuz I really wanna
Talk to you
Wanna get to know you
I just can't stop
Thinking about you
Tell me this
Girl what's ya name
And I'll tell ya that
Girl, ya look so good

Tell me this
Can I get ya number
'Cuz I really wanna
Talk to you
Wanna get to know you
I just can't stop
Thinking about you

Tell me this
Girl, what's ya name
And I'll tell ya that
Girl, ya look so good
Tell me this
Can I get ya number
'Cuz I really wanna
Talk to you
Wanna get to know you
I just can't stop
Thinking about you
Tell me this
Girl what's ya name
And I'll tell ya that
Girl, ya look so good
Tell me this
Can I get ya number
'Cuz I really wanna
Talk to you
Wanna get to know you
I just can't stop
Thinking about you
