[Verse 1:]

Now i've seen too many wannabe players
Turn around and get played
Cos they be underestimating females nowadays
So i'm staying on my toes
I never get too comfortable
But when I run into you I just seem to lose control
Ohh

[Bridge:]

Didn't mean to get so caught up
Now i'm calling you constantly
I can feel the attraction attracting me to ya
And i'm so caught up
No don't you ever leave
Just stay with me
Just stay with me

[Chorus:]

Finally gravity pulled us closer
I feel like somebody just knocked me over
And i'm falling
I'm falling so in love with you
With you with you

Now I thought it only worked on suckers
Can't nobody flip the game on me
But i'm chasing after ya
See you found a symphony
Cos I fell so deep in love
Tryna be where you are
And I just lose control

Didn't mean to get so caught up
Now i'm calling you constantly
I can feel the attraction attracting me to ya
And i'm so caught up
No don't you ever leave
Just stay with me
Just stay with me

[Chorus: 3x]

Finally gravity pulled us closer
I feel like somebody just knocked me over
And i'm falling
I'm falling so in love with you
With you with you
