We got you boy, Romeo  
Ayo Colby, you ready? Let's go  
Wassup, Akon? I go by the name of Colby O, yeah  
We got you with this one boy  
You and me, just make it busy, man  
Ayo Colby, you ready?

When I get money I spend it on the bills  
But my baby she's the exception to the rules  
You might wanna call it obsession  
But this to my heart, this is a natural progression  
And I know that she and me can work things out  
If things get tough  
That's why she's a keeper, that's why she's a keeper

No one but you seems to get me, they try to sweat me  
Saying baby, make me cum bed me, even if they sexy  
It don't matter 'cause my heart won't let me  
Put my other feelings aside  
And I don't care what the other guys say  
They're just jealous 'cause they don't have you  
They don't have you, girl, they, they don't have you,  
girl

Baby, they wanna take you away from me  
But that's not gonna happen, not to us, oh no  
They wanna take you away from me  
But the bond we have is stronger than they know  
They wanna take you away from me, I ain't your  
average Joe  
They wanna take you away, they, they wanna take  
They wanna take, take you away

I never thought that I'd let this, get to me  
Telling all my friends, she and I would neva be  
Closer than what all they expected  
But I still made sure that she was always respected  
'Cause I know she possibly could be the one  
If things get tough  
That's why she's a keeper, that's why she's a keeper

No one but you seems to get me, they try to sweat me

Saying baby, make me cum bed me, even if they sexy  
It don't matter 'cause my heart won't let me  
Put my other feelings aside  
And I don't care what the other guys say  
They're just jealous 'cause they don't have you  
They don't have you

Baby, they wanna take you away from me  
But that's not gonna happen, not to us, oh no  
They wanna take you away from me  
But the bond we have is stronger than they know  
They wanna take you away from me, I ain't your  
average Joe  
They wanna take you away, they, they wanna take  
They wanna take, take you away

Cause it's official, now that you'll be in my world  
No girl be looking fly 'cause you're the one that's got  
my eye  
Come and set it off, let it, let it off  
I'll never stop if you stick by my side

She's such a vibrant thang, a vibrant thang  
How she work that thang and twurk that thing  
And I give a chance so she could hang  
With a boss for days and still no name

Kelis chick, yeah, she kinda bossy  
I never did time 'cause them years'll cost me  
New six, ain't color of coffee  
And I stay iced out like my name was Frosty

See shorty, she the different type  
Take home to mother, might make ya wife  
Walk like a model but the thugish type  
Pops taught the game so I play it right

She with me and I'm labeled a prince  
You ain't never had a girl like this, no, no  
Colby O, the game's a wrap  
Tell them other cats to take a nap

Baby, they wanna take you away from me  
But that's not gonna happen, not to us, oh no  
They wanna take you away from me  
But the bond we have is stronger than they know  
They wanna take you away from me, I ain't your  
average Joe  
They wanna take you away, they, they wanna take  
They wanna take, take you away
