I wish you had my eyes
See what I see
I wish you had my ears
Hear what I hear
I wish you had my mind
Walk a mile in my skin
Then you'll know where I've been
I've come to see

I can see I've been trapped
Here for so long
I believe that someday
I'll be free

I think you need to know
When to leave things alone
Wish you could see all the mess that we made
It's set in stone
Now you reap
But you tangle as you sew
Where did this all go wrong
I've come to see

I can see I've been trapped
Here for so long
I believe that someday
I'll be free

Take a seat
Make a stand
Be the one
Who's the bigger man
Choking what's in his head
It's set in stone

I've been trapped here for so long
Set in stone
Someday I'll be free
Set in Stone
See

I can see I've been trapped

Here for so long
I believe that someday
I'll be free
It's set in stone
