"March Out Of Line"

the hour's upon us
a legion's in hell
no weakness among us
as we become still
be through to give in
but I challenge you to
stand
as brothers in arms
with me to the end
don't give in easily
we're out there
we're ready
so do
or die
brothers in arms
we march out of line
we are the walking
wounded,
soldiers for ever
we always will
march out of line
we are the walking
wounded
soldiers for ever
we always will
march out of line
you have to hold on
build yourself around it
and we'll always be
the ones, the ones
who whisper
Just hold you
starveling
slow down
It's all we've ever known
united we will stand
in despair
brothers in arms
we march out of line
we are the walking
wounded,
soldiers for ever

we always will
march out of line
we are the walking
wounded
soldiers for ever
we always will
march out of line
we need to scream so loud
to let it out
as an army of
everyone
we need to scream so loud
to let it out
as an army of
everyone
we are the walking
wounded,
soldiers for ever
we always will
march out of line
we are the walking
wounded
soldiers for ever
we always will
march out of line
as we will always
march out of line
as we will always
march out of line
don't give easily
we're ramped and ready
here will always be
the ones who
march out of line
