Oh yeah
Stop this crazy thing!

See what they're doin'
People are starvin'

Children are cryin'
Animals are dyin'.
Governments who lie to you
Don't let them tell you what to do

We gotta stop
Whooay
Stop this crazy thing!

Rock if you're rockin'
Shake if you're shakin'

Move if you're movin'
Skank if you're skankin'.
Skankin'
Skankin'
Shabadoo
Shabadey
Stababastoo
...

Meanwhile back in the jungle: (Tarzan call)

Plans that they're dealin'
It's a world without a feelin'

So all that they're doin'
Drivin' us to ruin.
Get up people
Get up people
Get up people and stop

Stop this crazy thing!

Rock if you're rockin'

Shake if you're shakin'

...

C'mon everybody

Let's do it right

Stop the fuss

Stop the fight

C'mon everybody

Let's do it right

Stop this crazy thing!

C'mon everybody

Te's all unite

All unite

Whether you black or white

C'mon everybody

Let's all unite

Stop this crazy thing!

We got the music

Play

We just can't refuse it

So what the music keep on playing

This is all I've got to say.

(Tarzan call) Stop this crazy thing!

Rock if you're rockin'

Shake if you're shakin'

...

C'mon everybody

Let's do it right

...
