I feel safe, I feel warm  
When you're here then I do no wrong  
I am cured when I'm by your side  
I'm alright, I'm alright

I am safe when I am with you  
And I feel warm if you want me to  
I am cured when I'm by your side  
I'm alright

Careful where you stand, my love  
Careful where you lay your head  
It's true we're always looking  
Out for one another

I feel safe when I am with you  
And I feel warm when you want me too  
I am cured when you are around  
I'm alright

Careful where you stand, my love  
Careful where you lay your head  
It's true we're always looking  
Out for one another

So I like a quiet time, please  
Yeah, I like a quiet time

Careful where you stand  
Now careful where you stand
